ATTORNEY GENERAL SAYS BOARD OF SUPERVISORS HAVE NO AUTHORITY TO CALL ELECTION

To Pass on Proposed Bond Issue Since Petition in Opposition Failed to Carry Necessary Twenty-Five Per Cent Names of Qualified Electors—Statutes Provide Election Only If Petition Carries Necessary Quota.

A copy of the letter in question appearing in last week's issue of The Echo, a communication addressed to the Board of Supervisors, signed by Norton Haas and S. S. Moran, asking the Board to call a special election to determine whether or not the Board issue \$75,000 road and seawall protection bonds, in view of registered opposition, the Board of Supervisors, through its clerk has sought the opinion of the Attorney General.

The Board has no objection to an election, or, putting the matter before the people, as asked by petitioners, but since said petitioners did not have sufficient names to their petition, it was doubtful, even to the layman, if the Board could or should call such an election.

In accordance with the foregoing facts, A. G. Favre, clerk Board of Supervisors, addressed a letter of inquiry to the Attorney General, stating in his letter the plain and unvarnished facts, a history of the case, and in return Attorney General's office replied that under circumstances recited "the Board would not be authorized by law to call an election."

"The statute" says the letter from the Attorney General's office, "provides that an election shall be called only in the event twenty-five per cent of the qualified electors in the county object to the issuance of the bonds and petition for an election."

Since the petition failed of the required twenty-five per cent qualified electors it is quite plain an election cannot be called nor one held.

For the information of the public and for sake of record The Echo herewith publishes both letters, that addressed to Attorney General Greek L. Rice by Clerk A. G. Favre and, in sequence, that in reply. Both letters are explicit and definite and apparently leave nothing further to be done or said in the premises:

My dear General: The Board of Supervisors expressed their intention and published notice thereof in the matter of the issuance of \$75,000.00 of Road Protection Bonds under Senate Bill No. 401 of the Session of 1938, which was approved on March 3, 1938.

This bill provides that if, within 15 days after the first publication of the copy of such order, 25 per cent of the qualified electors of the county petition the Board of Supervisors for an election to determine whether or not the adoption of such order should be annulled, such election shall be ordered by such Board of Supervisors.

There was filed with the Board of Supervisors a petition containing 776 names. After the Poll books were passed on by the Election Commissioners and the petition published, it was found that there were 2439 qualified electors in the county and 417 qualified electors on the petition. There not being the necessary 25 per cent of the qualified electors objecting to the issuance of the bonds, the Board directed the issuance of the said bonds.

The petitioners, represented by counsel, filed a bill of exception, and asked that the President of the Board sign this bill of exception. This matter has been continued until Thursday of this week at which time the Bill of Exception will be taken up.

The petitioners contend that regardless of the number of qualified electors on the petition, that the Board could call an election on the matter if they saw fit to. The contention of the Board is that the Statutes governing the issuance of bonds are to be strictly construed and that they must follow this Statute as written, and that regardless of what their feelings might be in the matter, that they cannot legally call an election at this time for the purpose of allowing a vote to be taken on whether or not the bonds should be issued.

I have given you the history of this case, but the one question that we want you to give us an opinion on is the question of whether or not the Board would have authority at this time to call an election. I

would like for you to give me this opinion as soon as possible.

With kind personal regards to you, I am

Your friend,

A. G. FAVRE,
STATE OF MISSISSIPPI
DEPARTMENT OF JUSTICE
Jackson, May 24, 1938.

Mr. A. G. Favre
Chancery Clerk
Bay St. Louis, Mississippi

Dear Sir: I have your letter of May 23rd, in which you state that the Board of Supervisors of Hancock County adopted an order or resolution proposing the issuance of \$75,000.00 Road Protection Bonds under the provisions of Senate Bill 401, Laws of 1938.

That said order was published as required in said statute; that a petition was filed with the Board of Supervisors containing 776 names objecting to the issuance of the bonds; that the Board after hearing evidence, examining the records, etc., found that there were 2,439 qualified electors, and that 417 qualified electors had signed said petition; that according to the findings of the Board twenty-five per cent of the qualified electors had not petitioned for an election.

Your inquiry is whether or not the Board of Supervisors could call an election to determine whether or not it would issue said bonds as petitioned.

I advise that under the facts stated, the Board would not be authorized by law to call an election. The statute provides that an election shall be called only in the event twenty-five per cent of the qualified electors of the county object to the issuance of the bonds and petition for an election.

Yours very truly,
GREEK L. RICE, Attorney General.

CLASS OF SEVEN GRADUATE FROM DE LISLE CON. SCHOOL

On May 26 a class of seven graduated at the DeLisle Consolidated School as follows: Lula Duboussin, Elmer Lee Cuevas, Ilnathe Moran, Herman Niolet, Ernest Niolet, Albert Pavolini, Clyde Parker.

Rev. Father Weber, S. V. D., of St. Augustine Seminary made a wonderful address on that occasion, which was very practical for the parents, children and he insisted on the need of high principles in order to make a success through life. This address has made quite an impression on the vast assembly and many will not forget that memorable day.

Professor R. D. Brown who is a talented and successful teacher thanked in a beautiful manner the Rev. Father Weber, and distributed the certificates in such vivid and witty manner that he made a great impression and had the crowd in uproar for quite a while. The consolidated school at DeLisle has made many improvements this year with the faculty of teachers and promises to be a most successful year for the next term.

We had the honor also to have with us Very Rev. John Gasper, S. V. D., rector of St. Augustine Seminary and many visitors from other sections of the country. The day before the graduation under the guidance of Professor R. D. Brown and Mrs. Brown, his wife, Miss Evelyn Anderson and Miss Carlotta Daughdrille, a very fine play was given for the benefit of the Catholic church, which was a grand success.

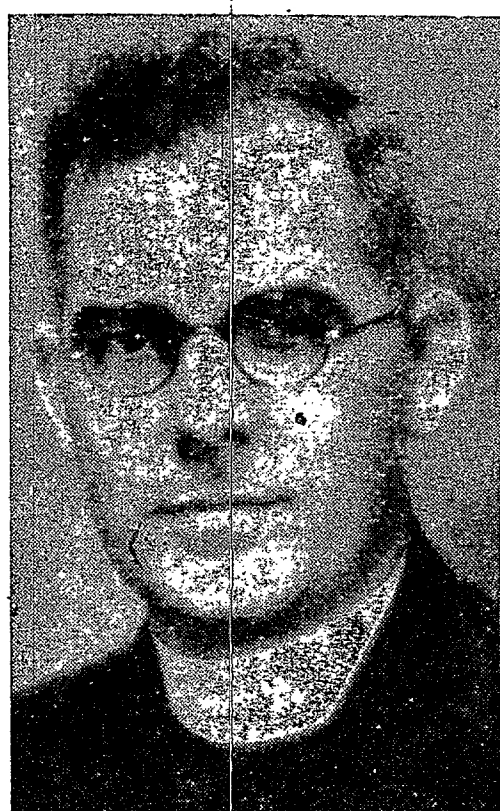

Rev. Father Sorin wishes to thank the faculty and also all the children who took part in it. It was also an honor to hear the eloquent and impressive Professor O. L. Lachner, superintendent of the public schools, who congratulated all present for their endeavors to build up this community in the way of progress. Rev. R. J. Sorin.

Almost immediately afterwards he decided to enter the religious life, and on August 24, 1917 he entered the Jesuit Novitiate, St. Stanislaus College, Macon, Georgia. He remained at his studies for the priesthood in this school until 1921. He then was shifted to Spokane, Washington, where he studied at Gonzaga University from 1921 until 1924. REPORT OF FREE LUNCHES

Approximately 106,000 Free Lunches Served in Hancock County Past Nine Months.

A most successful year closed with the serving of lunches in Hancock county—approximately 106,000 in the nine months—the past school term; twelve locations.

The two large lunchrooms in Bay St. Louis having quite a part in this service. St. Margaret's Daughters serving the Catholic schools, served 13,564 lunches and the P. T. A. of the Bay-High-Central served 25,582, each of these schools giving approximately \$450.00 worth of free lunches to the underprivileged children in this city.

Waveland Schools, both white and colored lunchrooms, have had a most successful year, serving approximately 10,361 lunches to the white children and 2,461 lunches to the colored pupils, giving to the children of Waveland during the last five weeks entirely free lunches.

St. Rose de Lima School has accomplished quite as much. Having served 6,486 which shows the interest of their sponsors, the Sisters of S. Rose de Lima. The Taylor school, Mrs. W. W. Stockstill, principal, served a hot lunch to the children, with very little sponsorship. Approximately 2500 lunches were served in this school. The children gained weight and enthusiasm throughout the year and finished a fine year's work.

Edwardsville served one hundred per cent of its school and is looking forward to another year of bigger and better things. Their number served approximately 3,400. Sellers has had unusual co-operation from their parents and the children are very proud of the year which they have had and the lunches served, this school served approximately 8900 lunches.

Flat Top School lunchroom served 6,282 lunches and is looking forward to full cooperation in their preparing for another year's lunches, and proud of the gain in weight and health of the children in general. Kiln School had a most successful year in its lunchroom and parents have cooperated in a fine way and expect to have as much success next year as they have had in the past, serving 18,427.

Dedeaux only served during a very short time but is preparing in a big way to supply lunches in a full-fledged manner the coming year. Gulfview School lunchroom at Lakeshore has had a most successful year, serving 6887 lunches and hopes to have one hundred per cent for the season of 1938-1939. A new and up-to-date kitchen has been added to this lunchroom and the faculty is looking forward to big increases in the scholastic records of the children, aided by the wholesome hot lunches and to the improvement of health.

Splendid work that has been accomplished in the lunchrooms throughout the county and the untiring effort and cooperation of the workers is to be commended. The unselfish interest of the public as a whole has been an inspiration and the work could never have gone over in such manner without their generous support.

Workers are now entering into the canning period, preparing for a better lunch in a better way for next year. The aim is to serve the children of Hancock county a most nutritious meal at the very lowest cost possible. If the public can help this canning program by giving donations, either cash or produce, do so and it will be helping a most worthy cause and assuring the children of Hancock county a healthful program in their lunches next year. Visit these canning centers and see what is being done. The workers are glad to be of service and will cooperate in any way for the better health of the school children.

Mrs. Mamie Sylvester is the general supervisor worker for this county.

J. L. Taylor, prominent South Mississippi attorney and a leading and active figure of the Mississippi Gulf Coast, is announced in this issue of The Sea Coast Echo candidate for judge of the circuit court of the Second Judicial District of Mississippi.

Squire Taylor was born at Union, Newton county, Mississippi, Dec. 21, 1873. After attending high school at Decatur he graduated from the National Normal University at Lebanon, Ohio.

While he taught school in Newton and Harrison counties, he nibbled at the law, passing the state bar examinations July 4, 1901.

Immediately following his admittance to the bar he hung out his shingle at Gulfport, drawing his clients, through a period of thirty-four years, primarily from the Gulf Coast counties. Squire Taylor has served as special judge a number of times and is thoroughly conversant with procedure and practice in both state and federal courts.

Public spirited and patriotic, he has given freely of his time in the cause of community and state. FOR NATURAL GAS.

BOARD of Mayor and City Commissioners, Bay St. Louis, will meet in regular monthly session Monday morning, June 6, and plan to adopt the necessary resolution that will authorize E. P. Joseph, of Glenmora, La., to proceed with the proposed preliminary survey of the city for installation of natural gas for domestic and general purposes.

It will be remembered Mr. Joseph appeared before a joint meeting at the Rotary Club of city officials, business men and others on Wednesday of last week, and heard the proposition explained in every detail. Mr. Joseph was quite candid in his exposition of the subject and at once won the confidence and support of the group.

Since then the Board of Mayor and Commissioners have discussed and weighed the proposition, and since the city has nothing to lose and all to gain, it is not surprising that the project is favored.

In the meantime such resolution as necessary has been prepared and will be officially adopted. The Echo is informed, at Monday morning's session.

This is the first, necessary and important step, in the endeavor to procure natural gas for this section. The outlook is not only promising but assuring and, not allowing enthusiasm to run away with conservative conclusion, we are of the opinion the city is on the high road to that long-cherished dream—natural gas.

FORESTRY PROGRAM TO ASSIST MISSISSIPPI.

A FORESTRY program designed to assist Mississippi in her bid for location in the state of some of the new paper mills and other wood-using industries in which is being invested a total of \$85,000,000 in the South, will be presented to interested citizens at a meeting in Gulfport next Thursday, June 9, at 6 p. m., when a Dutch banquet will be served at the Markham Hotel.

The plan will be presented by A. G. T. Moore, director of conservation with the Southern Pine Association, who was loaned to Mississippi to direct reorganization of the Mississippi Forestry Association, according to advice received here from F. A. Anderson, Gloucester lumberman and chairman of the association's reorganization committee.

P. N. Howell, member of the State Forestry Commission, will be chairman of the meeting. The move was characterized by Mr. Anderson as the "third point in a three-point program to bring about cooperation of wood-using industries, the government, both Federal and State, and the lay citizenry."

Declaring that "the paper industry is now investing in the South, in plants recently completed, under construction or contemplated, a total of \$85,000,000, the Gloucester lumberman said that "Mississippi is the logical location for many of these new plants."

D. H. HOLMES HAS FINE SPIRIT.

IN THE current number of the Rock-A-Chaw, local publication, St. Stanislaus College, appears a quarter-page advertisement that carries wording and expresses sentiment that are both worthy of the well-known firm-name that will celebrate its centennial in the not very far future.

That firm is D. H. Holmes of New Orleans, which carries a by-line below the name: "New Orleans' quality department store." That it is a quality store is correct. Time has well attested to this. It is the store where our fathers and mothers purchased for the family thru generations.

The advertisement in question breathes a splendid spirit, with regard to the interest for the home store. It says: "Shop in your own local store, but, if you should find it necessary to buy elsewhere, when you think of New Orleans think of Holmes."

That the Holmes Company is friendly to every community is patent. By no means antagonistic in order to procure trade from surrounding country. We like this spirit and it will have a healthy reaction.

The Rock-A-Chaw is to be complimented on the fact it has so excellent and high-class an advertiser.

CRYSTAL SPRINGS INDUSTRY.

CRYSTAL SPRINGS, and other communities of the vegetable growing area of Mississippi in that section, are arranging an elaborate program of interest to all who attend the Tomato Festival that will be held at Crystal Springs on June 9th, 10th and 11th. The dates for his festival will fall right in the very heart of the tomato shipping season, and it will prove interesting to many of the State's citizens to view this mammoth scheme of packing and shipping. In shipping, the tomatoes are carefully packed in crates or boxes of Number 1's, Number 2's, and Number 3's, and it is interesting to observe the care that is taken in this grading process. Last year Mississippi shipped 2,130 car loads of tomatoes.

The esteemed Jackson News is hopeful and gives us this cheerful suggestion: "It may not be necessary for Southern Senators to stage a filibuster in order to defeat that wage-hour bill. Please bear in mind that Senator Pat Harrison is a master strategist and may have quite a number of tricks up his sleeve to play when the measure reaches the North end of the capitol."

REUNION AT GETTYSBURG.

PRESIDENT Roosevelt has signed the bill making possible a reunion of the veterans of the North and the South at Gettysburg from June 29 to July 4. Among the old men who will gather on the field of battle, just seventy-five years after the struggle of their youthful days, will be some who participated in fighting for Little Round Top.

It is comforting to realize that the flaming antagonism of the 60's now flickers in respect to mutual valor and bravery. Time has mellowed the ardor of youth and as the old soldiers gather on the historic battlefield, they will contrast the scenes with events that transpired years ago. In most hearts, there will be gratitude for and appreciation of a great and glorious Union.

While the "war is over" in so far as the fighting is concerned and the bitter hatred of the belligerents has been largely removed, the effects of the struggle continue to plague the nation. Naturally, the South, as the loser, suffers the most. Its economic and social structure continues to reel from the consequences of a losing war. Politically the entire nation feels the effects of the division that existed between the states. Truth also compels the statement, that, while most of the people of the nation have little, if any feeling of revenge or punishment, there exists in certain sections of the country some remnants of the emotions that stirred the people of the country years ago.

Continuing to look the facts in the face, forces one to admit that the race question in this country has not yet been completely settled. It would have existed to some extent if there had never been a war between the Union and Confederate forces. The compulsory freeing of the slaves, the horrors of Reconstruction, the war-amendments to the Constitution, and the recent mass migration of Negroes combine to create problems that must be solved in the future.

There is, however, no reason for pessimism in regard to this country. As the old veterans gather on the field of Gettysburg, the people of the nation should assemble in spirit and pledge anew their faith in the nation, its people and its future.

CONCEALED TAXES.

A WRITER, authority on the subject, has made a careful investigation of taxes, as they apply in the general sense. Here is what he found after an exhaustive study and report:

I find that I pay taxes from the time that I get up in the morning until I turn in at night, and then some. Every time I eat, every time I buy anything, every time I switch on the electric lights and everytime I pick up the telephone I pay taxes.

My landlord gives the tax collectors almost a third of the rent I pay him. I pay a total of 53 different taxes every time I buy a loaf of bread. I pay a tax of a dollar a month on my electric and gas meters whether I use any of the service or not.

Every two-bits I spend for a couple of packages of cigarettes include twelve cents in taxes, almost half.

I pay 27 different kinds of taxes on my car and 117 for its upkeep. There are 201 different taxes on oil and all of its products and out of every dollar I spend on gasoline, forty cents of it goes to the tax collectors.

My telephone bill is taxed more than \$9.00 a year, and, assuming that I use an average amount of electricity each month, there are almost \$6.00 of taxes concealed in my electric bill.

Any time I buy drugs I pay 78 taxes which are levied on the druggist and 71 taxes on the manufacturers.

How true it is that nothing is inevitable but death and taxes and, incidentally it has been figured that there are 157 taxes mixed up with the cost of dying.

FREE LUNCHEES FOR SCHOOL CHILDREN REPORT.

AN article appearing elsewhere in this issue of The Echo news column reveals that approximately 160,000 lunches were served to underprivileged school children over a period of nine months.

The figures tell a story that needs no elaboration. One of human interest, and that warms every heart with benevolent feeling. Of the many federal projects we feel this one is worthy and its own recommendation for a continuance cannot be denied.

Public and private schools alike share this benefit. In Bay St. Louis St. Margaret's Daughters organization serve Catholic schools. This organization, with federal aid, serve 13,564 lunches during the school period.

Parent-Teachers' Association of Bay High-Central School served 25,582 lunches to the public school children.

Waveland and other schools, in proportion, did equally as well.

Mrs. Mamie Sylvester, federal supervisor, and her associates have worked well and diligently and the report reflects sufficient glory to all concerned. Mrs. Sylvester's efforts are to be commended and the hope is expressed that this project be continued indefinitely.

HIGHWAY CONSTRUCTION IN EARNST.

HIGHWAY construction is on again in Earnest, and a letting was held in the House Chamber of the New Capitol last week, at which time the State Highway Commission awarded contracts for cement concrete paving, amounting to the aggregate to \$1,761,000, covering the awards of approximately 80 miles of paving. These paving projects include paving in the counties of Benton, Marshall, Union, Panola, Lafayette, Prentiss, Chickasaw, Monroe and Clay.

Bids for two paving projects in Forest county, and a bridge project in Lauderdale county were rejected. These will probably be included in a later letting, the next one to be held being about June 7th.

WHAT THE PRESS IS SAYING OF MEN AND MATTERS IN EDITORIAL EXPRESSION

RADIO PROGRAMS.

SOME are good, but not necessary; some are necessary but not so good. Most of them are rotten; that is they get rotten when one has to listen to them.

The chanting of tobacco auctioneers is getting to be a huge joke for entertainment purposes. No one but buyers, and we doubt if many of them understand the unknown tongue of the auctioneers. We would eliminate them from the air.

Of all the nauseating make-shifts for entertainment, we think Joe Penner's Sunday evening brawl takes the cake. We have searched Webster's from A to Z, for a word to call this hour of time killed, but he evidently didn't anticipate such aerial pollution and therefore, failed to name it.

Another program of less importance but nevertheless as important a fizzle is a dialogue purported to take place between a man and a hen. This comes on about six o'clock in the morning and sends us away from the house wondering what people want and why they want it.

Cantor's idiosyncrasies weigh about as heavily on the practical mind as a first class case of the jitters more quickly than Henry Dupree's sidewalk broadcast in New Orleans. Continuously braying of the papa of the cornfield hybrids make sweet music to us compared with that wasted hour. We often wonder what the fickle women would have to say when they do get in a word between Dupree's squawks, were it not for the opportunity to say some-

thing about Sir Henry's hair. Henry's hair has done just about the same damage to his sidewalk broadcast as it would do to a bowl of soup.

After all, these fellows get paid for these programs and we pay for them, so who is to blame? One happy part of it all, is that if we do not like them we can turn the dial or leave the room to those who do like them.

Not all programs are bad. Henry Ford's Sunday evening hour is good. One thing about Ford's program at least a part of the soul remains intact. Most of the musical numbers sink deep into the receptacles of the heart and soul. Planners of his programs are not above a good sacred number occasionally.

We get some benefits from the Brain Buster programs; the spelling bees, and true and false. Dramatized bits of history and biography appeal to us. For lightweight stuff, Bob Burns and Charlie McCarthy amuse us, but we usually turn the dial before they finish.

We make honest efforts to stay awake through Major Bowes' original amateur hour. When we succeed we usually get much good from it. He has helped many youngsters into places of profitable employment; who might otherwise never have been known or heard of.

Cowboy programs have their place. These programs, mostly songs, were suggested and came into being as an interpretation of life on the range. They picture in song the simple, sentimental and lonely lives men lead, when weeks, months and even years were spent far away from the whirl of the city. Thank youse.

Endorsement of Three Front Page Features

The Echo front page editorial in re proposal \$75,000 bond issue for road and seawall protection, resulted in splendid and favorable reaction. This newspaper ever since has practically been flooded with messages of approval—by letter, telephone and in person.

The letters are too numerous to publish, however, there is one we wish to give space, coming from a friend who dearly loved Bay-Waveland and still does, and whose expressions always carry weight and effect. It is one from our friend, Mr. J. N. Wisner, now of Texas, who gives commendation to "three front page features," as he expresses it in a subsequent letter:

Am forcibly also favorably impressed with your "Front Page Editorial" in yesterday's issue of The Echo regarding the \$75,000 bond issue which required vision, courage also ability to write.

Senator Pat Harrison's commendation of Curtis L. Walker for Judge to me seems well merited as I knew him years ago as a capable lawyer with an abundance of what is known as judicial temperament and he now has had ample diversified legal experience also has reached an age that should give him wisdom poise also balance for this vitally important honor.

Another front page article naturally that interests me is the Commencement exercises of the Bay St. Louis High School as I know many of its participants one of whom is a grand-daughter of mine.

DEATH OF MR. W. H. SLINGER.

The Echo regrets to learn of the recent death of Mr. W. H. Slinger, a former resident of Bay St. Louis, engaged in business for a number of years. A native of England, aged 84 years, he was a man of sterling character and of accomplishment. His funeral at New Orleans, with rites of the Episcopal church, was largely attended and many followed the cortege to the last resting place. He is survived by a daughter, Miss Violet, residing locally, and another in England. A long and useful life is closed.

BELOVED BRO. PETER PAYS SHORT VISIT BACK TO COLLEGE

Gives Inspiring Talk to Members S. S. C. Senior Class; Former Students In Class.

Brother Peter, former president of St. Stanislaus College and at present, principal of the Catholic High School in Baton Rouge, paid a short visit to the school Sunday and Monday, May 15 and 16. Before leaving he honored the senior class with his hearty presence and a very inspiring talk.

Brother Peter was greeted cordially by many of the boys now in the graduating class, who were in school here during the last year or two of his term as president. Such old regulars as Larry Barber, John Sheehy, Vlado Ivcevic, Richard Danos, Gene Motti and others were recognized instantly by this keen-eyed educator. He congratulated the class upon their coming graduation. The substance of his talk is as follows:

"Boys, I am going to congratulate you on your graduation from this fine old school. Why? Because I have heard so many complimentary things about you. Your teachers have told me how good a class you are, and judging from your smiles you all look extremely happy and pleased."

"But my main purpose in talking to you this morning is to give you a piece of friendly advice. Don't believe the world is waiting for you with open arms. Absolutely not. You will have to get out and find jobs, and work hard to reach the top. Do not get the idea that because so many people tell you that there is very little room in the professions today, it is so. There is always a place at the top for the fellow who is really capable. All our famous men have had to work hard during their lives and especially their youth to attain the success which they achieved in life. You will be no exception."

"Again, I want to stress loyalty to your school. This school has a good name, and I know that none of you are going to do anything that may lower that name. But try to be loyal to your alma mater; you will find that it will bring you closer to the practice of your religion by always keeping in touch with your school."

HON. Ed Lipscomb, director of the Mississippi Advertising Commission some weeks ago resumed the publication of his valuable "It's a Fact That" cartoons in the newspapers of Mississippi, that have proven so informative even to life-long citizens of the Magnolia State, who did not know of these distinguished facts about our State, or if they did know them, had forgotten some of these facts. Here are some of these facts, as already released:

The Warm Springs at LeRoy Percy Park, in Washington county, with a flow of 150 gallons per minute, are nine degrees warmer than the waters of Warm Springs, Georgia. There is a gravel pit at Brookhaven, Mississippi, that has and has had for fifty years an estimated capacity of 200 car loads daily.

The re-location of Mississippi's priority highway system has shortened highway distances in the State by an average of 15 percent. In 1937, Mississippi set an all time high record in cotton yield per acre—that of 368 pounds of lint cotton per acre for the entire state.

The Finkle Crop Dusing Company, at Leland, which operates 21 planes, was the first corporation in the world to make use of air planes in agriculture.

Tan, green and brown cotton fibre varieties have been developed in experimental work at Stoneville experiment station, in Washington county.

Now, these are just a few items from Director Lipscomb's productive and research work, and we will give more of these from time to time.

"Dr. McCain is certainly accomplishing a great deal in creating and encouraging an active and cooperative interest in the work and further development in usefulness of the Department of Archives and History on the part of the people, the civic organizations and educational interests of Mississippi." This statement is quoted from a well informed citizen of the State, and was made a few days ago, with reference to the work being done by Dr. Wm. D. McCain, director of the Department of Archives and History since his induction into office the first of January, this year. We believe it is deserved, for Dr. McCain has complied with a large number of requests for addresses to civic clubs, schools, and other gatherings over the State, and never fails to remind his audiences of the interest that citizens should manifest in the further building for usefulness of the department of which he is the head.

Among the recent appointments made by Governor White, of a state-wide interest, are Members of the State Board of Bar Admissions—Cecil Travis, Jackson; Eli Mitchell, Corinth; and S. E. Travis, Hattiesburg.

O. W. Baldwin, of Jackson, as a member of the State Board of Embalming.

State Forestry Commission—Mrs. Paul Gamble of Greenville; P. N. Howell, Howison; and M. V. B. Miller, Meridian, all reappointed.

Carl Freiler of Canton, appointed a member of the State Unemployment Commission.

Hanun Gardier, Gulfport, a member of the Joseph T. Jones Memorial Commission.

As members of the Harrison county Parkway Commission—Mrs. A. C. Jague, Gulfport; F. Steckler, Biloxi; E. P. Wilkes, Gulfport; Mrs. Helen R. Smith, Pass Christian; and Mrs. Charles McDaniel of Long Beach.

Contract Signed For Natchez Tire Plant.

Mayor William Byrne announced that the contract for the construction of the tire factory to be used by the Armstrong Tire and Rubber Company, at Natchez, had been signed with B. L. Knapp, Pass Christian contractor, and that preliminary construction work had been started.

The factory is financed by a \$300,000 municipal bond issue of the city of Natchez, and is one of the first industrial plants constructed under Governor Hugh White's new program.

City officials hope that the factory will be completed before the 15th of October, and actual manufacture of rubber products will start before November 1.

"SALLY, IRENE AND MARY" STAR-GLORIOUS TOP-HIT FILM

Entertainment for Sunday-Monday for A. & G. Theater.

The greatest round-up of big name stars of any musical yet, a whole "who's-who" of the screen's pepper-uppers, frolics to town with three sirens of swing in search of social security who find themselves sidetracked by love in "Sally, Irene and Mary." The new 20th Century-Fox rhythm romance with the lift-and-lilt that have made Darryl F. Zanuck shows tops in entertainment at the A. & G. Theater Sunday and Monday.

Alice Faye and Tony Martin sing the tune-fullest songs you've ever heard, as only they know how! They top the cast with Fred Allen, star of radio's "Town Hall Tonight" and he is twice as funny face-to-face.

The cast is uproariously star-glorious with Jimmy Durante, the street-sweeper who crashes into cafe society; Gregory Ratoff, with a champagne bankroll and a gleam in his eye; Joan Davis, the gazelle with knee-action; Marjorie Weaver, the sensation of "Second Honeymoon" now making a second sensation; Louise Hovick, who keeps Reno busy, and Barnett Parker and J. Edward Bromberg.

The romance is made rhythm radiant by eight top-notch tunes by four top-notch tunemasters. The nation's dance bands will get new life from these rhythm-radiant hits: "Half Moon on the Hudson," "I Could Use a Dream," "This Is Where I Came In," "Hell Wanted—Male" and "Who Stole the Jam?" by Waldo Bullock and Harold Spina; and "Got My Mind on Music" and "Sweet as a Song" by Mark Gordon and Harry Revel.

Greenwich Village cafe where both Alice meets Tony in a little love working and soon they are singing and romancing under the Manhattan moon. Alice is "Sally" of the bright-eyed girls' trio managed by Fred Allen, theatrical agent and comedian. Joan Davis is "Irene" and Marjorie Weaver has the "grand old name."

Directed by William A. Seiter, with Gene Markey associate producer, the screen play was written by Harry Tugend and Jack Yellen from an original story by Karl Tunberg and Don Ettlinger. "Sally, Irene and Mary" was suggested by the stage play by Eddie Dowling and Cyrus Wood.

BISHOP OF NATCHEZ ADDRESSES MEMBERS S. S. C. SENIOR CLASS

Expresses Regret Not Being Able to Be Present Sunday Morning For Commencement.

Monday morning, May 16, the Most Reverend R. O. Gerow, D. D. Bishop of Natchez, paid the Senior class a visit, addressing them on their duties as Catholic laymen and youths about to enter the world.

Bishop Gerow was visited the previous night by a delegation from the Senior class to inquire as to whether he would be able to be present at the graduation exercises, to be held here June 5th. Bishop Gerow received the boys warmly, and after chatting with them for several moments, went to his suitcase and drew from it a brief case with a list of engagements, for the coming months. Much to the delegation's regret, the Bishop announced that on June 5, by order of the church he must say a Pontifical High Mass in his own Cathedral in Natchez, thereby making it impossible for him to attend. He promised, however, he would visit the class as a whole the following morning.

The following morning His Excellency greeted the class and explained to them the nature of his refusal of the invitation to be present at the services. Following is a condensed version of the talk he delivered to the eager students.

"Today, our most important aim in life is to achieve the salvation of our own souls. All other aims are secondary. Naturally we want to achieve success in whatever profession we may enter in our later life, but our chief objective is to lead a good life, so that in the end we may receive the eternal reward of Almighty God. Secondly, we must have an objective, and strive earnestly towards it. We must not go wandering aimlessly about, with no objective in sight. Once we have in mind an objective we must work, and work hard; not over a short period of months, but long years, spent in self-sacrifice, so that someday we may provide a decent, respectable home for our families, and live comfortably.

Concerning our religion, we should try to receive Holy Communion at least once a month, after leaving high school. If we can go oftener, we should do so, as it will strengthen us considerably against the temptations we encounter in everyday life. As a conclusion, though I cannot be with you in person, I shall be with you in spirit, and I shall remember you on that day in my Mass and prayers."

Brother Alexis requested that the Bishop give the entire class his Apostolic blessing, and permission to kiss his ring, which he readily granted. The entire class expressed their gratitude for so pleasant a visit from so distinguished a superior.

SOFTBALL LEAGUE ACTIVITY

Gulf Theater and Knights of Columbus Teams Leading In Three-Week Meets.

The Gulf Theater and Knights of Columbus are on top in the Bay Softball League, each having chalked up three wins with no defeats. The league is now going into the third week of play and the competition is becoming keener. All the teams have shown great improvement.

The Gulf Theater won a hard-earned victory over the Bay Coal Buzzsaws last Wednesday night by a score of 6 to 2. Wesley Bourgeois pitching sensationally in the innings gave up but two hits to the Buzzsaws, a single by J. V. Bontemps and a first sacker by J. Larroux. The Gulf Theater boys collected six safeties off the offerings of J. V. Bontemps.

In the night cap of last Wednesday's games the Knights of Columbus were trailing the Loicane's Grocery by a score of 5 to 2 in the last half of the third when a short circuit in the lighting system necessitated the calling of the game. This game will be played over on June 10.

The first game of last Friday's double header was won by the K. of C's over Touline's Bay Coal Buzzsaws by a score of 7 to 5. Little Billy Osbourne chalked up his second victory of the season by keeping the seven hits gathered by Bay Coal pretty well scattered. One of the hits by D. Ziegler was a home run. The Buzzsaws scored 5 runs off 7 hits and 4 errors by the Casey's. The Knights scored seven runs off four hits while the Coolers helped defeat themselves with seven miscues.

In Friday night's finale, the Gulf Theater defeated Club Makena in a close hard fought game by a score of 4 to 2. Club Makena scored two runs and collected 7 hits off the pitching of the Bourgeois brothers. Lee and Wesley. Lee Bourgeois got credit for the victory although Wesley did a mighty good job of relief pitching by striking out five men during the two innings he pitched. The Gulf Theater boys scored 4 runs off 8 hits. Each team made three errors.

The opener of Monday's double header was won by Club Makena over the Shell Oil by a score of 7 to 6. The Shell was leading 6 to 2 going into the last inning. Manieri lead off hitter doubled to start the inning for Makena. Then followed a bombardment of five hits mixed in with two errors and a walk and when the smoke cleared, Club Makena was out in front by a one run margin. The Shell had an opportunity to tie the score when E. Blaize singled with one out in the last inning but the next two men filed out to retire the side and end the game. Collier went the route for Shell while Sylvan Ladner was relieved by Nolan Ladner in the 3rd and Nolan was given credit for the victory.

K. C.'s defeat Rando's Grocery. The Casey's chalked up their third straight victory over Rando's Grocery in a one-sided affair by a score of 22-2. Joe Gilbert, pitching for the Casey's, allowed but 2 safeties while his teammates were collecting

BRO. WILLIAM S. C. TO LEAVE AS HEAD OF LOCAL COLLEGE

St. Stanislaus President Has Served Six Years—Limit Of Single Tenure.

Brother William S. C., president of St. Stanislaus College for the past six years, will bring his successful labors as head of this institution to a close when he presents the diplomas to this year's graduates next Sunday morning.

Coming from St. Joseph's College, Muskogee, Oklahoma, Brother William assumed the guidance of the destinies of St. Stanislaus in August of 1932. The South was just beginning to feel the Depression and the opening of school that September was one of the most discouraging that could have been experienced by the head of a school. Upon that came the Bank closings of the following March and the retirement of credit, which forced many parents to retain their boys at home. But in spite of these discouragements, Brother William went manfully to work to raise the morale and increase enrollment and he has succeeded as present numbers will attest.

His outstanding work as president was the recognition of the school by the Southern Association of Colleges and Secondary Schools. This assures St. Stanislaus a standing second to none among the educational institutions of the State and region.

Among other things he has done was the organization of the Mothers' Club, and with their help he purchased uniforms for the band, fixed up the Lounge for the student body, put in modern toilets in the gym building, and purchased the bus for the school activities. Besides these things, the dining room was renovated, the galleries changed from wood to cement floors, the office painted and modernized, and with the help of the Sidelines Club, he constructed an Athletic field which can compare with those of many colleges.

Brother William will be assigned his new post during the coming vacation period. At the same time his successor will be appointed.

HARVEY KOCH IS BURIED SUNDAY AT PICAYUNE, MISS.

Last rites for Harvey Koch, 46 years old, former prominent business man of Canton, Miss., and Hammond, La., were conducted at Picayune, Sunday at the home of G. H. (Peck) Williams, brother of the widow, the former Miss Nellie Williams, of Bay St. Louis, daughter of Mr. and Mrs. R. J. Williams.

The Rev. Warwick S. Aiken, rector of St. Paul's Episcopal Church, officiated. Interment was in Palestine cemetery, three miles west of Picayune.

Pall bearers were Mayor Charlie Harris who is also editor and publisher of the Canton Herald; Jim Fourny, Judge Joseph M. Blache, Jr., F. W. Reimers, Jewell W. Campbell and Joe Richard, all of Hammond.

Mr. Koch was found dead of a bullet wound in his automobile near Selma, Ala., Saturday. He had moved to Selma from Hammond about six weeks ago and was engaged in the oil business. While in Canton, Mr. Koch was manager of the Pearl River Valley Lumber Company.

—Today—Friday — is Jefferson's birthday, a holiday in Mississippi. Accordingly banks of Bay St. Louis will transact no business for the day. Customers and others will take notice and govern themselves accordingly.

—Mr. and Mrs. Ferdinand G. Pratt and family of New Orleans have arrived for the summer season and, leasing the Buckley Waveland beach apartment, have resumed their residence at their usual domicile. Mr. Pratt is prominently connected with the Standard Fruit Company at New Orleans and will commute daily.

—Due to the vastness of the interior of the church and faulty acoustics, Church of Our Lady of the Gulf is to be equipped with microphone set-up in order the voice of the speaker either from the pulpit or altar may be heard from all parts of the building. George di Benedetto, local electrician, is to install the mechanism and will begin the work at once. This has been a long-felt want and church-attendants will hail this news with more than ordinary satisfaction.

MRS. GEORGE REMBERT REA'S TEA FOR MISS LOUISE CARRERE.

ONE of the very delightful events of last week was the formal "tea" given by Mrs. George Rembert Rea, at her home, Washington street, Bay St. Louis, Thursday afternoon, May 28.

Mrs. Rea entertained in honor of Miss Louise Carrere, June bride-elect who is to marry Mr. William Anthony Reiss, Jr., of Wisconsin. The perfectly-appointed reception rooms were unusually beautiful with clusters of white gladioli, daisies and magnolia blossoms. The table in the dining room was exquisite with its handsome Madeira cloth, around the edges of which were placed a garland of daisies and asparagus fern. A silver Marie Antoinette basket, filled with white Shasta daisies, served as the centerpiece. Centered at each end of the table were silver candle sticks carrying green lighted tapers.

Out-of-town guests were Mrs. Katherine Moore, Misses Marguerite Cambron, Margaret Denechaud, Irene Marrero, Betty Ricau and Margot Vales. A large number of guests were present.

Mrs. Rea, very chic in a flowered chiffon gown, was assisted in receiving by Mrs. Edouard C. Carrere, who looked attractive in a white flowered organdy with touches of black velvet. Mrs. Katherine Moore was charming in a cerise chiffon gown. Miss Carrere, honoree, was dressed in blue chiffon, with crushed water, pink belt; her corsage was of gardenias.

Tea ladies serving were also lovely in party attire. Mrs. J. C. Buckley in blue embroidered organdie; Mrs. Harry C. Glover in dubonette lace; Mrs. George E. Ferchaud in flowered crepe, Miss Margaret Green in yellow marquisette, Mrs. Joseph J. Grevenberg in yellow crepe, Mrs. J. Baldwin Allen in flowered organdie, Miss Kathleen Renshaw in pink organdie.

Mrs. John W. Bryan and Mrs. Auguste Joseph Claverie presided at the table, pouring tea and coffee from a lovely silver service.

This was one of the larger pre-nuptial affairs given for Miss Carrere who has been showered with attention both in Bay St. Louis and New Orleans. No bride-designate has been more favored.

THREE HOSTESSES GIVE GARDEN PARTY FOR BRIDE-ELECT.

No superlatives adequately describe the charm and beauty of the lovely garden party given Saturday afternoon at the Walter J. Gex family beach villa jointly by Mrs. Gex, Mrs. (Dr.) Alvah P. Smith and Mrs. J. Baldwin Allen, complimenting Miss Louise Carrere, daughter of Mr. and Mrs. Edouard C. Carrere, whose marriage to Mr. W. A. Reiss, of Sheboygan, Wisconsin, will be celebrated in New Orleans on the morning of Wednesday, June 29.

Receiving were Mrs. Gex, Mrs. Smith, Mrs. Allen and Miss Carrere, entertaining approximately a hundred guests who enjoyed the affair in the midst of its setting of oak-embowered lawn and garden. Set in large containers, flanked here and there in telling effect were giant gladioli in contrasting colors.

The long punch table, with its decoration of cut flowers, was presided over by Mrs. A. Claverie and Mrs. Louis Claverie, while Misses Betty Gause, Jane Floyd, Barbara Hayward were the tea girls. Mrs. M. A. Phillips, Mrs. Theodore T. Robin, Mrs. Edward Grace assisted in the serving.

As a feature of entertaining, part of the garden party program, a clever presentation of "Snow White and the Seven Dwarfs," an adaptation of the fairy story, was creditably presented in costume. This was presented by Mrs. Cooney A. Weston, who represented the witch, Miss Louise Carrere, honoree of the afternoon, represented Snow White, dainty Miss Virginia Seal, daughter of Mr. and Mrs. Leo W. Seal, was the fairy queen. Seven dwarfs: Arthe Allen, Gail Allen, Lucien Gex, "Patsy" Gex, Dotty Grace, Hartwell and Gaynel Gex.

Miss Jean Floyd gave a "reading" of the synopsis as the living interpretation of the story progressed. Another feature, and quite a conceit, was the wishing well. From its depth was drawn the gift to the bride-elect, a silver three-piece console set.

This lovely afternoon affair from 4 to 6 o'clock afforded an evening of delightful entertainment and reflected the resources of the three hostesses. Among out-of-town guests was Mrs. Beale Richardson, of Chicago. Mrs. Allen's house guest.

BRIDGE-SUPPER IN COMPLIMENT TO A JUNE BRIDE-ELECT.

Pink gladioli, pink roses and silver bells of various sizes featured the decoration for the bridge-supper given Tuesday evening, May 31, by Mr. and Mrs. Charles G. McReau at their home in Carroll avenue, a pre-nuptial gesture in compliment to Miss Louise Carrere, a much-feted June bride-designate of Bay-Waveland and New Orleans.

The marriage will take place in New Orleans Wednesday, June 29, with Mr. William Anthony Reiss, Jr., of Wisconsin, as the groom, following his graduation from Princeton.

Pink was the predominant color note, contrasted with silver sheen and white silver wedding bells

hung in clusters, silver ribboned, from chandeliers. An arch-like effect over the head table of honor carried single bells hanging from streamers, and down both sides long tables formed the U effect. It was here, while shortly before midnight, supper was served, following bridge.

Flat bowls held groups of giant gladioli in reflective shades of deep pink. At the head table a swan-shaped container carried flowers, and attached to tiny ribbon streamers, smaller swan-shaped vessels held flowers in diminutive groups and corresponding in color. The "brides cake" was topped with decorated icing and on the top a trio of bells were fastened with ribbon and lilies of the valley.

The supper favor was a doll for each, dressed in pink, and representing bridesmaids. For Miss Carrere a doll couple, representing bride and groom, in the traditional attire, was the outstanding favor.

Tall pink tapers on the table and from overhead strings of tiny incandescent pink bulbs softly illuminated the supper scene. Garlands of smilax, delicately entwined were deftly in evidence.

Bridge formed the diversion of the forepart of the evening, the spacious partially-enclosed front porch accommodating the players.

The contestants did not progress and there were double trophies for each table, one for lady and one for gentleman.

Mrs. W. J. Gex, Jr., won the traveling prize, and Mr. Gex was the high score winner of the evening and received a set of crystal glasses, hand painted.

Mrs. E. C. Carrere won the cut prize, a blue hand-painted cookie-bowl with decorated cover.

Mrs. McReau was assisted in receiving by Mrs. J. C. Buckley, Mrs. H. C. Glover and Miss Julia Blaize.

Dr. James A. Evans was master of ceremony at the supper table. The guest list included: Mr. and Mrs. Edouard C. Carrere, Miss Louise Carrere, Mr. Robert L. Camors, Miss Margaret Green, Mr. Rene de Moutluzin, Jr., Mr. and Mrs. Leo W. Seal, Mr. and Mrs. Geo. E. Pitcher, Mrs. H. C. Glover, Mrs. Sarah A. Power, Mr. and Mrs. L. Your Battery Troubles Are Over Forever.

At last the eternal trouble with batteries is over. Now it is possible to start our cars in the morning with ease. One of the most important phrases of this new, sensational EVER-CHARGE formula is the fact that if the ignition switch is accidentally left on over night, the car will start within a few minutes after the switch has been turned off. How many times in the morning have we gone to our car, only to find that the battery has run down? No more will be have to worry about this, for this EVER-CHARGE prevents such actions on the part of the battery.

Don't take a chance; if one or two of your cells are down, drive into Ben Hille's Garage or phone Ben Hille for service. It will take only a few minutes and then your old battery is rebuilt as good as new. Above all the price is very reasonable, only \$2.00, but the result everlasting.

Ben F. Hille is the dealer located on the beach next to Uncle Charlie's Night Club. For anyone desiring further information concerning Ever-Charge see or call B. F. Hille, he will be glad to answer any and all questions.

Remember, though, that with this new battery saver you will get added miles and oh so much pleasure out of your car. Try it, won't you? Dealers desiring information contact Ed P. Ortle, Southern Distributor, Phone 71 or 2404.
